Altro Tegulis

For a sophisticated space, create your own style with ease! Altro Tegulis is the modern alternative to traditional tile walls and is available in an extensive color and design palette.

With the chic look and feel of tile, the custom-etched faux grout lines embedded into Altro Tegulis' surface offer a hygienic solution eliminating the cleaning and repair issues often associated with traditional tile. The robust PVC construction prevents water and bacteria from penetrating below the surface and allows thorough cleaning and disinfecting.

Better yet, Altro Tegulis is custom fabricated, meaning you can select any design from our standard range or even specify a custom design unique to your installation! Customization doesn't end there. To finish off your panels, you have your choice between four unique jointing methods – half-lap, interlocking, two-part joint strip or straight edge. This level of jointing customization allows the panels to fit the needs of many area types, even wet environments like showers and tub surrounds.

Altro Tegulis is faster to install than ceramic tiles, saving you time and money. Our unique jointing methods ensure that installations become simpler, and easier, guaranteeing a great result every time.

Typical applications

Residential healthcare, retail, offices, hospitality, education including student accommodations, leisure, focal walls and wet areas such as shower enclosures, tub surrounds, bathrooms, kitchenettes, spas and backsplashes.

4

Determine your installation method.

Panels can be installed in three ways. Read below to find out which method may be right for you.

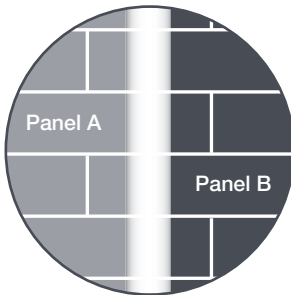

Half-lap

Panel edges are beveled to fit on top of one another. Creating a smooth, water-resistant joint

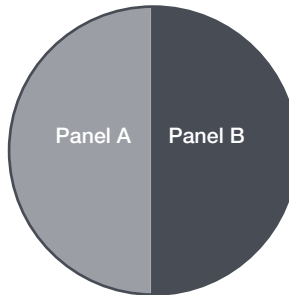

Interlocking

Tiles protrude from each panel to form an easy, puzzle-like interlock for use in dry areas

Two-part joint strip

A color matched joint strip joins two straight-edge panels with ease

Straight-edge

Perfect for for butt seams or single panel installation

5

Place your order.

Our sales and customer care team will work with you to get the pattern and color ordered properly. While this is a made-to-order product, we still can offer quick turnaround times of 4 - 6 weeks from time of order.

Pre-made samples of Altro Tegulis are available. We suggest you order one along with a sample of the color of your choice.
