Floor and wall finishes for temporary and modular healthcare construction

A solution in times of need, Altro adhesive-free flooring and Altro wall coverings guarantee a quick installation without compromising on safety, durability or hygiene.

Our adhesive-free flooring was created with time-sensitive projects in mind. Capable of being installed and walked on immediately, this allows construction crews to complete the installation overnight. Traditional floor coverings use adhesives that require more than 72 hours to fully cure.

With both smooth and slip-resistant sheet flooring options available, your ultra-fast, adhesive-free installation still comes with the safety, hygiene, durability, and peace of mind you expect from Altro.

Adhesive-free floors

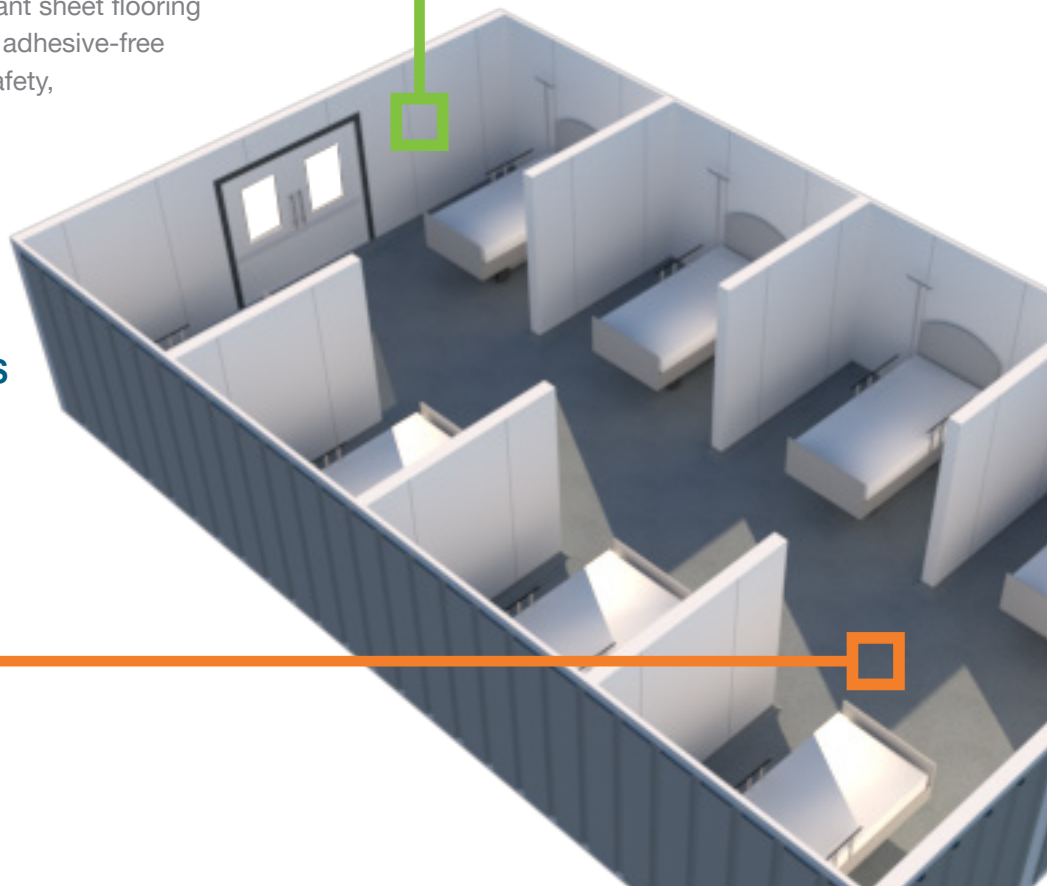

Altro Cantata™
Altro XpressLay™
Altro Wood™ adhesive-free

Wall cladding + wall protection

Altro Whiterock™
Altro Puraguard™

Altro Cantata™ smooth, adhesive-free flooring

Altro Cantata is a tonal and modernist, adhesive-free floor that creates maximum impact with minimum downtime. It is ideal for busy public spaces where disruption needs to be minimal, and has no associated adhesive odors. Using our award-winning adhesive-free installation method, it can be welded and walked on the same day, and at the end of its life can be removed easily, allowing it to be reused or recycled.

Our most advanced cleaning technology ensures ease of maintenance and enhanced infection control with the reduction of bacterial and mold growth by improved cleanability. Our newly developed technology helps to reduce general dirt pick-up and staining and improves the floor's scuff resistance. These enhanced features reduce the need to use cleaning products and the effort required to clean the floor where hygiene is critical.

Thickness - 2.4mm thick | 0.7mm wear layer, heterogenous construction

Dimensions - 6'7" (2m) x 65'5" (20m)

Warranty - 10 years

Altro Wood™ adhesive-free

Altro Wood adhesive-free creates maximum impact with minimum downtime. With 18 color choices, 14dB sound reduction, a 10-year warranty and our Altro one-in-a-million slip resistance reassurance, Altro Wood adhesive-free offers high levels of comfort underfoot providing a safe, durable and decorative solution for busy spaces.

Using our award-winning adhesive-free installation method, it can be welded and walked on the same day, and at the end of its life can be removed easily, allowing it to be reused or recycled. Using Altro adhesive-free floors, you can halve installation time compared with a traditional adhered installation. It is ideal for busy public spaces where disruption needs to be minimal, plus there are no associated adhesive odors.

Adhesive-free flooring benefits

Ultra-fast installation

Weld + walk on the same day

Easy to install and remove

Installed using a tape system

Lays flat, stays flat

no rucks, no movement

100% recyclable

use it, remove it, reuse it

Odor-free

no disruption, no complaints

Hygienic + easy-to-clean

with Altro Easyclean technology

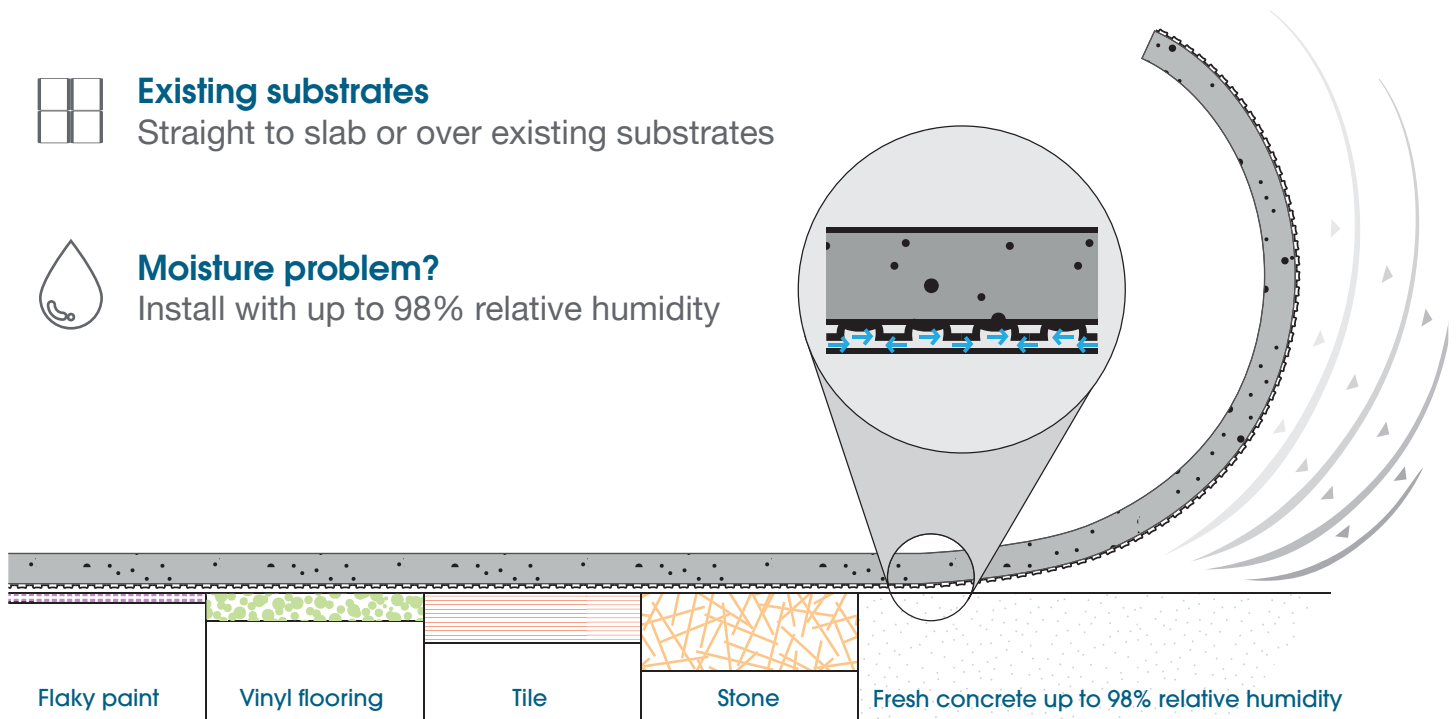

Existing substrates

Straight to slab or over existing substrates

Moisture problem?

Install with up to 98% relative humidity

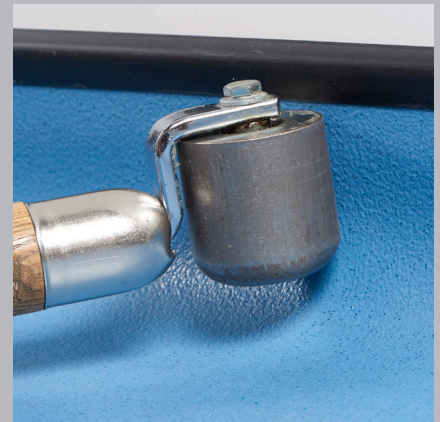

Ultra-quick install

Tape perimeter and seams

Weld seams

Roll taped areas to finish

Adding walls to your temporary or modular healthcare build

Hygiene-critical areas

If your installation needs to be fully-encapsulated, or hygienically-sealed, we recommend pairing our adhesive-free floors with Altro Whiterock hygienic wall cladding system or Altro Whiterock Matte.

see full range and specifications at altro.com/whiterock and altro.com/matte

High-traffic, non-hygienic areas

If hygienic sealing is not essential, protect walls against abuse from high-traffic with the Altro Puraguard wall protection system. This is a lower-cost and faster wall installation for adjacent areas.

see full range and specifications at altro.com/puraguard

Altro Whiterock™ hygienic wall cladding

Altro Whiterock and Altro Whiterock Matte provide a continuously smooth, impact-resistant wall covering without gaps or grout. It is ideally suited for areas in which hygiene and cleanability are critical. Combine with Altro flooring for a fully-encapsulated hygienic finish.

Thickness - 2.5mm thick

Dimensions - 4' x 8' 2" | 1.22m x 2.5m and 4' x 9' 10" | 1.22m x 3.0m

Warranty - 20 years

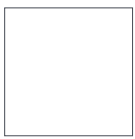

Impact resistance - up to 198 inch lbs in force

Particle concentration - Meets ISO Class 2 cleanroom

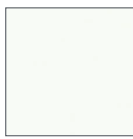

Fungi + mold resistance - Passes

Compliance - FDA, USP, USDA, CFIA, HACCP

✓ Best choice for modular healthcare needs + extreme hygiene

Altro Puraguard™ wall protection

Altro Puraguard has become the in-demand, economically priced wall protection product for many commercial applications. These smooth, low-maintenance PVC panels promote durability in a variety of back-of-house areas. In modular medical installations we recommend this product in areas adjacent to those needing extreme hygiene. In temporary construction, this product can be used in most areas.

Thickness - 2mm thick

Dimensions - 4' x 9' - 1.22m x 2.74m | 4' x 10' - 1.22m x 3.04m

Warranty - 1 year

Impact resistance - up to 64 inch lbs in force

Fungi + mold resistance - Passes
