Recommended equipment and tools

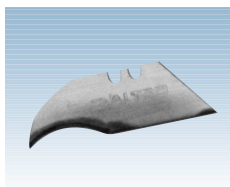

OCT 2005

To ensure correct installation of Altro sheet vinyl flooring to meet Altro warranty conditions, it is essential that the recommended tools are used. Unless advised, these are available direct from Altro: tel 0870 240 8855;

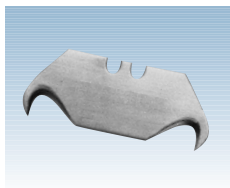

fax 0870 240 8855; e-mail sales@altro.com, or via many flooring distributors. For more information on Altro weldrod and colour matching, please refer to Altro's AltroMastic 100/Weldrod data sheet.

Cutting blades

The presence of abrasive grains in safety flooring quickly destroys the cutting edge of straight edge blades.

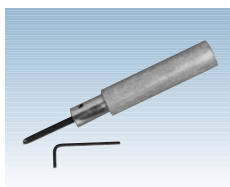

Concave blade for scoring and cutting sheet vinyl flooring. With safety flooring, replace after 3-5 metres of cut.

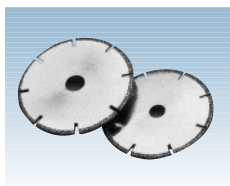

Hooked blade for cutting through sheet vinyl flooring. For safety flooring, replace after 6-8 metres per end of blade (12-16 metres per blade).

Grooving tools

Altro grooving tool with handle and 4mm blade for correct groove for weldrod.

Automatic grooving blade in hardened steel with diamond coated tips for grooving up to 2000 linear metres of safety flooring. AGBL model to fit Leister's Fraesrex grooving machine (N.B. fit with fibre washer at front of blade for correct alignment); AGBM model to fit Mafell's KFU 1000 grooving machine (N.B. fit with fibre washer at back of blade for correct alignment).

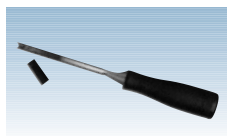

Trimming tools

Spatula for trimming weldrod proud of the floor surface.

Router handle and blades for trimming weldrod on internal and external angles of coved surfaces.

Altro T20 chisel for trimming weldrod on Altro Marine 20 safety flooring.

Welding tools

Multi-heat hot air gun for hot welding joints using matching Altro PVC weldrod.

High speed weld nozzle, 5mm.

Coving weld nozzle, 5mm.

Antiglaze weld nozzle, 5mm.
