# Altro Walkway 20

Altro Walkway 20 is our hugely popular hard-wearing 2mm slip-resistant flooring. The range shares its palette with Altro XpressLay. This enables you to combine both ranges when you need traditionally-adhered and adhesive-free flooring in adjacent areas while maintaining a consistent look.

What's even better is Altro Walkway 20 offers you two distinct looks; traditional and modern. Both looks come with Altro Easyclean technology for superior cleanability and stain resistance.

A static-dissipative version is available, specifically designed for locations where static buildup must be avoided.

Altro Walkway 20 also looks great when paired with Altro XpressLay, Altro Aquarius, Altro Wood, Altro Orchestra or even Altro Zodiac Smooth.

## Typical applications

General purpose

## Features + benefits

- Hard-wearing 2mm slip-resistant flooring
- Shares palette with Altro XpressLay, allows coordination between traditionally adhered and adhesive-free slip-resistant flooring
- Matches colors with Altro Aquarius, allowing for seamless coordination from wet rooms to general areas.
- Static dissipative version available
- Achieves R10 slip resistance rating and SCoF of .78 dry, .80 wet
- FloorScore Certified / Low VOCs

## Slip resistance

It is designers, specifiers and end-users' responsibility to ensure flooring is fit for purpose, and it's part of our role here at Altro to help make this process easy. Our flooring is separated into three categories: safety, slip-resistant and smooth.

Altro Walkway 20 is a slip-resistant flooring. It's a perfect choice for many commercial areas in which your slip risk is not as high as a commercial kitchen or other wet environments, but your patrons, patients, students and employees still deserve to be secure on their feet. Slip-resistant flooring from Altro will reduce the risk of slips, give you peace of mind and look good doing so.

## Altro Easyclean

Rather than using a superficial surface coat, Altro Easyclean Technology is incorporated into the flooring while it is manufactured. This allows Altro flooring to benefit from enhanced cleaning and maintenance while still allowing our products' slip-resistant properties to shine through.

Smooth flooring will have a higher level of Altro Easyclean than a slip-resistant or safety floor.

- Industry-leading ease of cleaning
- Enhanced long-term cleanability
- Cleaning and maintenance cost savings
- Sustained long-term slip resistance
- Exceptional long-term durability
- Low dirt pick-up qualities
- Improved color retention
