

altro

Smooth acoustical flooring for education

Altro's smooth acoustic flooring offers a variety of high-quality products designed specifically for schools and colleges. We can provide flooring solutions for every area of your facility.

With an extensive color and pattern palette plus superior durability up to 1,000 psi, Altro floors withstand heavy foot traffic, activity debris and chair scraping.

Our acoustic flooring is not only durable but also reduces maintenance costs, consistently earning high marks for creating superior learning environments while meeting tight school budgets.

Our smooth vinyl acoustic flooring reduce noise levels by:

- Minimizing impact sound transmission
- Increasing sound absorption
- Reducing sound reflection
- Tested and achieves good STC, ICC, and Δ IIC values

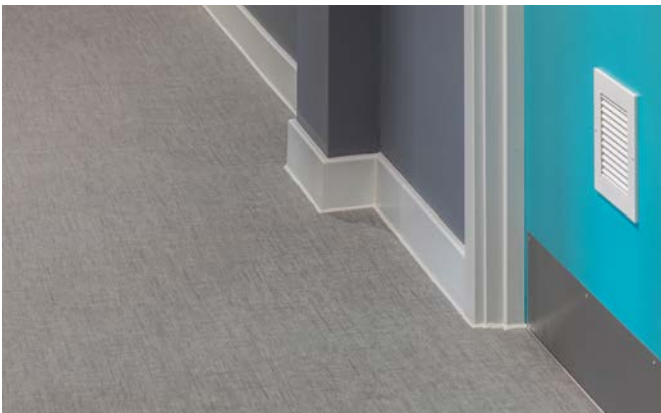

Product recommendations:

Altro Orchestra

For areas where underfoot comfort and sound reduction are important, Alto Orchestra, with its 2.85mm thickness has been engineered to create the ideal environment to learn.

The integrated impact sound insulation system cuts impact sound by up to 15dB. This range offers comfort underfoot, making life easier on the feet of students, guests and hard-working staff who spend countless hours on the move. The product is rated up to 1,000 psi indentation resistance.

Altro Serenade

Whether it's softening the sounds of students moving through the halls or maintaining privacy in quiet areas, Alto Serenade is perfect for educational spaces.

At 3.9mm thick with 19dB impact sound insulation and a ΔIIC rating of 52, Alto Serenade not only effectively reduces noise but also offers exceptional comfort underfoot, making it an ideal solution for classrooms, libraries, and many other areas in schools. It is rated to 500 psi indentation resistance.

Altro Wood Collection

Choose from four versatile sheet vinyl flooring options: Alto Wood, Alto Wood Comfort, Alto Wood Acoustic, and Alto Wood adhesive-free—perfect for educational settings.

Whether you're aiming to create a warm, inviting, home-like atmosphere in classrooms or a sleek, modern look in common areas, the Alto Wood Collection can bring your school's design vision to life while delivering durability and safety for students and staff.

See how these schools used Altro acoustic flooring:

Thelma Chalifoux School

With Alto Orchestra installed, the Thelma Chalifoux School was able to create the right atmosphere for its community, laying the foundation for many years to come.

Dr. Rick DeCristofaro Learning Center

This school installed over 6,000 square yards of Alto Orchestra and Alto Symphonica to create unique, themed "neighborhoods" within classrooms.
