Issue

A rental property in Stourport-on-Severn needed a quick refurbishment, allowing the landlord to turn the property around for tenants who were keen to move in. The main areas to be refurbished were the kitchen and bathroom, both of which needed to be fully re-fitted, providing a fresh, clean home for the new residents.

Approach

The landlord had previously worked with Altro and needed quick to install products, which would provide ease of installation, durability, and ease of cleaning. "We had received information about a new product, Altro Walls ShowerKit, and were keen to try it out. The house needed a quick turnaround as our tenants were waiting to move in. The installer was also keen to have products that were easy to manoeuvre, carry up and down stairs, and resulted in less waste" said S. Birch, Landlord.

Solution

Altro Ensemble luxury vinyl tile in colour Pewter Concrete was selected for the kitchen, providing a luxury feel together with comfort underfoot and impact sound reduction.

Altro Walls ShowerKit in colour Cool Mineral and Stacked Metro design was selected for the bathroom, partnered with Altro Wood adhesive-free* in colour Post Oak. The combination of an Altro floor and wall results in an easy-to-maintain and safe space, giving the bathroom a homely aesthetic, with ease of cleaning and our Altro one in a million slip-resistance reassurance.

*(Altro recommend a specialist safety floor, such as Altro Aquarius or Altro Pisces, for wet room and bathroom installations)

"Despite the tight deadline, the installation was smooth, and the combination looks fantastic – our tenants couldn't wait to move in."

S. Birch,
Landlord
