Hutchesons Grammar School, Glasgow

Innovative floor elevates learning

“The school wanted to incorporate design elements into the floor. Just because the floor is loose lay, doesn't diminish the visual impact.”

Hutchesons Grammar School, Glasgow

Innovative floor elevates learning

Issue

Hutchesons' Grammar School is a co-educational, independent school in the south-side of Glasgow. Founded in 1641, the school has a long-held record of academic achievement and offers pupils an unrivalled choice of extra-curricular activities at its primary and secondary schools.

The kitchen, serving area and coffee/dining hall 'The Bistro' were being modernised to bring the facilities up to date and in keeping with the school's standards of excellence.

Approach

After a visit with an Altro Specification Consultant and considering the need to keep project timescales as short as possible, the installation needed a quick to lay, robust solution for the floors. With a unique blue and grey colour scheme tying into the school's brand and emblem, the floor design needed to match this.

Solution

Altro Wood adhesive-free in colours Soft Maple and Vintage Oak were installed in the dining hall and kitchen servery, helping to reduce the installation time by 50%, quickly returning the area to use.

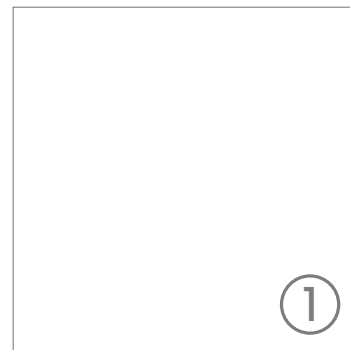

Altro Ensemble was installed in the Coffee/Bistro area in a diagonal, mixed pattern of colours Greige Rustic Oak, Medium Grey Harmonious Oak, Barrel Oak and Tobacco Limed Striking Oak.

Altro Stronghold 30 in colour Monsoon was installed in the kitchen, providing safety from slips and comfort underfoot for the busy staff.

"The loose lay floor gives a much faster installation – we are big advocates of it and will continue to use and recommend it."
