## Running up against a deadline? Altro's quick-ship program can help.

Issues in the global supply chain have affected everything we order, including building materials like floors and walls.

To combat these logistical issues and meet the timing demands of your most important projects we now offer a quick-ship program. This program consists of our most in-demand sheet vinyl and LVT options.

**The best part?** All quick-ship selections are readily available in our three North American warehouses and we even offer a three day turnaround on our American made Altro Lavencia LVT.

### Our warehouse locations

Our three North American warehouses are strategically placed just outside these major cities for ease of trucking and receiving container ships.

- ✓ Boston, Massachusetts USA
- ✓ Los Angeles, California USA
- ✓ Toronto, Ontario, CAN

### What flooring is included?

We have selected a variety of flooring options, in some of our most popular selling colors and patterns, to include in our quick-ship program. From a technical and aesthetic perspective these floors should meet the needs of most projects that are up against looming deadlines or may be having supply issues with the original spec.
